MARSIK TERMINALS

AD-1337-84 DTG 272137Z AUG 84

1) CONFIRM THAT WE WOULD BE PREPARED TO TAKE NON-TEMPEST 60HZ
RAYTHEON TERMINALS ON LOAN. EIGHT WOULD BE ACCEPTABLE FOR
THE FIRST YEAR OF OPERATION, ALTHOUGH OF COURSE WE WOULD PREFER
MORE IF AVAILABLE.

2) NON-TEMPEST 60HZ ARE ACCEPTABLE AS AN INTERM MEASURE ONLY AS
THEY WOULD BE INSTALLED ADJACENT TO THE COMPUTER ROOM IN A
SHIELDED AREA WITH ACCESS TO 60HZ POWER. FOR MORE PERMANENT
INSTALLATION REQUIRE UNITS WHICH CAN BE DEPLOYED IN OFFICE BLOCK,
AND SO TEMPEST AND 50HZ WAS SPECIFIED. (VOLTAGE IS LESS IMPORTANT
AS 50HZ 110V CAN BE PROVIDED RELATIVELY EASILY).

3) IF LOAN OPTION APPEARS VIABLE COULD YOU PLEASE ADVISE KEYBOARD
TYPE WHICH WOULD BE PROVIDED - CRAY OR 7600

4) REGARDING FINANCIAL OPTIONS, ADA WILL REPLY SEPARATELY TO
YOUR PARA 4
