RAN Build up - Darwin

7AR
(30/2/2)
DSD said that when 2 new houses are finished (August/September) Kororan will post 2 men and 18 WRANS to Darwin. By December, 6 more men should be posted to Darwin.

DSD also said that following his recent visit to [redacted], he considered that RAN should plan to maintain 10 ratings there (instead of complete withdrawal we have proposed). I said our attitude would depend on RAN ability to meet our needs in Darwin, which must have priority.
